

## Conference on architecture c.1400–1950 (Birmingham, 1–2 Jul 2016)

University of Birmingham, Jul 1–02, 2016

Deadline: Apr 1, 2016

David Hemsoll

The conference will investigate the ways in which ideas are conveyed by the physical and visual medium of architectural form. Papers are welcomed that directly explore the relationship between message and medium through detailed historical case studies which directly address the agency of architecture itself in the conveying of meaning. For further details, see <http://www.birmingham.ac.uk/schools/lcahm/departments/historyofart/events/2016/medium-message-conference.aspx>.
