“A Partial Synthesis”: Debates on Architectural Realism

We are pleased to announce that the second issue of the bfo-Journal, a multilingual, peer-reviewed and open access journal, issued once a year and hosted on bauforschungonline.ch is now online. The aim of the bfo-Journal is to provide a new space for innovative studies of the highest quality on all aspects of architectural history and critique, urbanism, and conservation of historical monuments.

This second issue examines the theme of Realism and its manifestations in the architecture of the nineteenth, twentieth and twenty-first centuries (see below).
