

Society of Architectural Historians: 70th Annual International Conference

Glasgow, Technology & Innovation Centre, University of Strathclyde, 99 George St, Jun 7–11, 2017

Helena Dean

This is the first time that SAH has met outside North America in over 40 years. Meeting in Scotland's largest city, world renowned for its outstanding architectural heritage, reflects the increasingly international scope of the Society and its conference. Architectural historians, art historians, architects, museum professionals and preservationists from around the world will convene to share new research on the history of the built environment. The Glasgow conference will include 36 paper sessions, eight roundtables, an introductory address and plenary talk, architecture tours, the SAH Glasgow Seminar, and more.

Registration is open for the Society of Architectural Historians' 70th Annual International Conference to be held in Glasgow, Scotland, June 7–11, 2017:
