The College Art Association and Terra Foundation for American Art Announce Opening of 2018 Terra Foundation for American Art International Publication Grant

The College Art Association welcomes applications and letters of intent for the 2018 Terra Foundation for American Art International Publication Grant. Guidelines for the grant define “American art” as art (circa 1500–1980) of what is now the geographic United States. Awards of up to \$15,000 will be made in three distinct categories: grants to US publishers for manuscripts considering American art in an international context, grants to non-US publishers for manuscripts on topics in American art, and grants for the translation of books on topics in American art to or from English. Letters of intent are due in the CAA office by September 15, 2017. A complete application to the award is by invitation only.

The grant also provides funds each year for travel to CAA’s Annual Conference, complimentary registration for the conference, and a one-year membership to CAA for two non-US authors of top-ranked awarded books. The 2018 CAA Annual Conference is in Los Angeles, February 21–24.

Awards of up to \$15,000 will be made in three distinct categories:

- Grants to US publishers for manuscripts considering American art in an international context
- Grants to non-US publishers for manuscripts on topics in American art
- Grants for the translation of books on topics in American art to or from English
