Founded in 2012, *ABE Journal - Architecture Beyond Europe* is a scholarly, double blind peer-reviewed journal dedicated to the study of 19th- and 20th-century architecture and urbanism outside of Europe. It focuses primarily on the transfers, adaptations and appropriations of forms, technologies, models and doctrines in colonial and postcolonial situations. Conceived as a place of exchange in an emerging and dynamic field of research, *ABE Journal* aims to provide a specialist scholarly forum for the discussion and dissemination of ideas relating to architecture in the colonial and postcolonial realms, as well as to local forms of modernism. It publishes articles and contents in five languages (French, English, Spanish, German and Italian) and is edited by the

research centre InVisu (CNRS/INHA) in Paris.

Specific calls for thematic section papers are regularly open, with their own schedule of deadlines.

Concurrently, we welcome the submission of papers that fit the remit of the journal while being unrelated to specific thematic sections, as well as of new thematic section proposals, at all times.

All submissions should be sent to [abe@inha.fr](mailto:abe@inha.fr).
