.

Provide a title, an abstract of 350 - 450 words in length, a short biographical note of no more than 100 words, a CV, your institutional affiliation (if any), reference letters from supervisors, a list of publications, etc. Please submit your proposal uploading all documents as one PDF file at the following link: http://www.ciha-italia.it/florence2019/2018/04/07/upload-your-paper/

Please make sure the title is concise and reflects the contents of the paper, because the title is what appears online, on social media and in the printed programme.

Please name your submission file and clearly describe in your abstract the case and the themes you intend to engage with. Your proposal is meant to be pertinent in the topics of the Session you would like to participate in.

NOTE:

Young scholars, graduate students, PhD students and candidates have the opportunity to attend the Congress presenting a Paper or a Poster, qualifying for grants provided by the Getty Foundation - Los Angeles.

Applicants coming from low GDP countries worldwide are especially welcome.

If you are presenting a proposal for a Paper, please remember that it is meant to be pertinent in the topics of the Session you would like to participate in. If you apply for a Poster presentation instead, it is not necessary to indicate a specific Session.

Applicants for the Getty Grants should not upload their proposals using the platform.

They are instead kindly asked to submit their proposals and documents sending an e-mail at the following address: firenze2019@ciha-italia.it and pointing out they are applying for the Getty Foundation grants.

To the grant holders will be given more information once they will receive an acknowledgement of receipt.

The awarded Papers and Posters will be published on the CIHA Italia Firenze 2019 website as content proceedings of the Congress.
