Stedelijk Studies #7 – Lose Yourself! On Labyrinthine Exhibitions as Curatorial Model

Volume 7 (Fall 2018)

Stedelijk Studies is the academic online journal of the Stedelijk Museum Amsterdam, published in collaboration with the University of Amsterdam, Leiden University, Utrecht University, VU Amsterdam, Radboud University Nijmegen, and Maastricht University.

The journal aims to reach an international audience of (young) academics, art professionals, artists, and others interested in the field of contemporary art theory. It is our goal to publish high-quality, peer-reviewed academic research focusing on the Stedelijk collection, exploring institutional history, museum studies (e.g., education and conservation practice), and current topics in the field of visual arts and design.
