Philipps-Universitaet Marburg

Vacancy in the Department of Art History in the Faculty of German Studies and Art

Full Professor (C4) of Applied Information Technology in Art History

The person appointed will continue to develop the systematic basis of information technology in art history and carry out teaching and research in the field of art history. The appointee will also be responsible for the administration of the "Bildarchiv Foto Marburg - The German Documentation Centre for Art History (www.fotomarburg.de)" with the support of an executive manager.

Prerequisites are a doctorate in art history, further research in the history of visual experience, notable results in the development, application and reflection of advanced models of information technology for the humanities in general and art in particular as well as experience in academic management.

Teaching experience and proof of the ability to perform research are required - in addition to a doctorate, applicants will be required to additional academic qualifications (e.g. Habilitation) . Evidence of teaching ability should be suitably documented - e.g. course materials, teaching awards, activities in the field of university-level didactics.

The equal opportunities plan for women obliges Philipps-Universität Marburg to increase the number of women in its employment. Therefore women are expressly invited to apply for this position. In accordance with § 85 a HBG a reduction in working hours is in principle possible.

The applications of equally qualified handicapped applicants will be given preference.

Applications with the usual documentation should be sent to the President, Philipps-Universität Marburg, Biegenstr. 10, D-35032 Marburg.

Closing date: 23.08.2002.

Publications should not be sent by applicants until they are requested to do so.

The President
Philipps-Universität Marburg
Biegenstr. 10
D-35032 Marburg
