

Web sites for your CFP (Ressources in Art History ...)

Adrienne DeAngelis

Hello --

I run a Web site called

"Resources in Art History for Graduate Students"

(<http://www.efn.org/~acd/resources.html>)

I post notices for many tyees of opportunities, in particular for fellowships, internships, and CFP. I would like here to request mostly gently but also most fervently that those who post such notices on this list serv also create and post the URL of a Web site for their announcement. This will help to make life more convenient for all involved.

Thank you very much.
