Dear Sir/Madam,

I would like to ask if anyone out there could help me find information on American, English or German accounts of travels in Portugal, where you may find descriptions of the country's cities, houses, palaces, gardens, interiors, tiles, frescoes, painting, sculpture, etc. I am looking into the 18th and 19th cent. art and architecture of either continental Portugal or the Portuguese islands of the Azores, Madeira. I am also looking for information on writings by an American of surname Smith who wrote literature on Portuguese art.

This is for research towards a Ph.D.

Please send your responses directly to clara paulino
[clara_paulino@hotmail.com].

Thank you,

Clara Kulmacz
