

## Combined History & Art History Departments

Erika Wolf

Dear List Members,

I teach in an art history programme within a history department at the University of Otago in New Zealand. We are about to undertake a department-wide curriculum review. One aim of the curriculum review is to consider how we might build links across our disciplines.

Towards this end, we are looking for other combined history/art history departments, so that we can consider how they have combined their resources to create new courses and research opportunities.

Please write to me off list with any suggestions you might have concerning such joint programmes.

Thank you in advance for your assistance.

Best regards,
