

Papers of Paul Kosok (1896–1959)

Volker M.

Dear Colleagues,

does anybody know where (if at all) the papers of Paul Kosok, Ph.D. (1896-1959) are deposited? In c. 1933 Dr. Kosok was assistant professor of history at Long Island University. Unfortunately, attempts to contact Long Island University have received no reply. Some of you may know Paul Kosok in connection with his work on the ancient Nazca geoglyphs in Peru, however, I am not interested in that part of his career.

With kind regards, Volker Welter
