CALL FOR PAPERS : M A R G I N S

PHOTOGRAPHY AND LABOUR ON THE MARGINS

3rd Changing Faces Conference

Changing Faces is a three-year EU Culture 2000 funded photography commission project focused on the theme of WORK and run through the International Photography Research Network (IPRN, [WWW.THEIPRN.ORG](http://WWW.THEIPRN.ORG)).

Project Changing Faces is co-ordinated and delivered by the University of Sunderland UK, with the IPRN founding partners: Museum Folkwang in Essen, Germany; University of Leiden/Paradox, The Netherlands; University of Jyväskylä, Finland; Dom fotografie, Liptovsky Mikulas, Slovakia and Arts Council in England, UK.

3rd Changing Faces conference is organized by Dom fotografie in Liptovsky Mikulas, Slovakia in cooperation with University of Sunderland, UK and Slovak Academy of Sciences' Institute of Art History in Bratislava, Slovakia.

3rd Changing Faces conferences will take place in Liptovsky Mikulas (Slovakia), hosted by the House of Photography ([WWW.DOMFOTO.SK](http://WWW.DOMFOTO.SK)), from October 4th till 7th 2007.

The main areas of focus for the conference are photography in relation to Margins - both geographically and conceptually and Work, the main theme addressed by the 'Changing Faces' project ([WWW.THEIPRN.ORG](http://WWW.THEIPRN.ORG)).

Participants are invited to look into the ways photography has reflected the political

and social "changing faces" of labour from the 1970s to the present day in what has, at least until very recently, been seen as the "margins" of the developed world and/or the mainstream.

We welcome papers from photographers, photography scholars, visual theorists, sociologists, historians, curators and archivists that address the following issues :

**How has the changing nature of labour been represented in different social contexts in the centre and at the margins?**

What are the different ideologies of labour?

**How have diverse iconic images of labour affected national representations**

**of work?**

What is the face of labour in the humanist tradition and how has this changed in the post-humanist condition?
