

artlibraries.net new targets

Three new target systems have just been connected to
artlibraries.net : Virtual Catalogue for Art History
(www.artlibraries.net):

Bibliothèque d'art et d'archéologie des Musées d'art et d'histoire de
la Ville de Genève
(see : http://www.artlibraries.net/allg_infos_en.php#KUNST_GENF)

and

Library of the Swiss Institute for Art Research, Zurich
(see: http://www.artlibraries.net/allg_infos_en.php#KUNST_SIK_ZUERICH)

Together with the library of the Kunsthau Zurich these renowned
Swiss art libraries especially guarantee an excellent coverage of
Swiss art within our virtual catalogue.

Furthermore, we have added

the art auction catalogues database of the IRIS Consortium, Florence,
which is already a partner of artlibraries.net. For technical
reasons, this database had to become a separate target system
(see: [http://www.artlibraries.net/
allg_infos_en.php#KUNST_FLORENZ_AUCTIONS](http://www.artlibraries.net/allg_infos_en.php#KUNST_FLORENZ_AUCTIONS)).

Hoping our users will appreciate,

for the committee
