

History and the Healthy Population (Glasgow, 3-5 Sep 08)

Jim Mills

Society for the Social History of Medicine Annual Conference 2008

Glasgow, 3-5 September 2008

DEADLINE FOR ABSTRACTS 31 MARCH

History and the Healthy Population: Society, Government, Health and Medicine

The broad theme of the SSHM2008 event is the value of historical perspectives on issues relating to society, medicine, health and healthcare. As such we encourage papers from all periods and places to encourage a wide-ranging and inclusive meeting that reflects the diversity of the history of medicine subject area. We expect to host over 100 papers in over 3 days of associated events and hope you will join us in Scotland.

The event will be jointly hosted by the Centre for the Social History of Health and Healthcare Glasgow and the Centre for the History of Medicine. The former is a research collaboration between the University of Strathclyde and Glasgow Caledonian University and the latter is a research centre at Glasgow University.

Abstracts BY 31 MARCH of no more than 300 words to lmars@arts.gla.ac.uk
<<mailto:lmars@arts.gla.ac.uk>>

Registration fees start at £120 and accommodation will be available from £40 per night
