Built Environment & Architecture Culture is part of the Mid-Atlantic

Popular/American Culture Association Annual Conference

For conference information: [www.mapacagazette.net](http://www.mapacagazette.net)

This area explores the ways that we shape and are shaped by the built environment, individual structures, and architecture culture. It seeks papers treating the theories, personalities, styles, and technologies that influence buildings, city planning, and community design. The material under consideration may be hypothetical or realized, fantastic or practical, controversial or traditional, political or personal or any combination of these. Topics from any time period and any culture are welcome.

Undergraduates, graduate students, and professionals are encouraged to submit proposals for individual papers, full panels, round table discussions or alternative formats.

Appropriate topics include but are not limited to:

### **Specific Buildings**

Biography

### **Theory & Theorists**

Ancient City Planning

### **Medieval, Renaissance & Baroque Examples**

Non-Western Examples

**City within a City**

Garden City

**Suburb, Exburbs, Urban Areas**

Organizations

**Schools**

Competitions

**Interiors & Interior Architecture**

Technology and Construction

**Innovations and Revivals**

Green Architecture

**Literature of Architecture**

Architecture in Literature

**Paper Architecture**

Rehabilitation and Redesign
