Call for Session Proposals

The Pacific Arts Association (PAA) PAA welcomes session proposals for presentation at the College Art Association (CAA) Annual Conference in Chicago from February 10-13, 2010. The deadline is August 15, 2008.

PAA is an international organization devoted to the study of all the arts of Oceania and provides a forum for dialogue and awareness about Pacific art and culture. As an Affiliate Society of CAA, PAA encourages greater cooperation among those who are involved with the creation, study, and exhibition of Pacific art.

Session proposals can cover the breadth of current thought, practice and research in Pacific art, architecture, theory and criticism, pedagogy, museum and curatorial practice, conservation, and developments in technology. Sessions will be chosen on the basis of its relevance and interest to PAA and its constituency.

Prospective session chairs are encouraged to familiarize themselves with PAA via www.pacificarts.org and to also familiarize themselves with the CAA proposal submission process at http://www.collegeart.org/news/chicago_cof_session0508 in the event that PAA selects their proposal.
