Proposals in English of no more than 400 words including a session or roundtable title should summarize the subject and the premise. Please include name, professional affiliation (if applicable), address, telephone and fax numbers, e-mail address, and a current CV. Proposals and short CVs should be submitted by e-mail, including the text in both the body of the e-mail and in the attachment.

Session proposals are intended to cover different periods in the history of architecture and different approaches to the built environment, including landscape and urban history. Though the scope of the meeting is European, the EAHN invites proposals related not only to Europe's geographical framework, but also to its transcontinental aspects. Parallel sessions will consist of either five papers or four papers and a respondent. In addition, proposals are sought for a limited number of roundtable debates that re-map, re-define, and outline the current discipline. They will typically consist of a discussion between panel members and encourage debate with the audience.
