

John Leslie Breck & Monet

Dr Sally Newman

Dear colleagues

I am trying to ascertain the reason(s) for, or events leading up to Monet asking John Leslie Breck to leave Giverny in 1891. Breck had attempted to court Monet's step-daughter, Blanche Hoschedé but was refused permission to marry her. I would be grateful for any references to sources which discuss this, as Breck died shortly after leaving no letters or diaries.

Many thanks,
Sally Newman
