

Portrait by Pierre Eugene du Simitiere

Jennifer E.

Hello,

For the Selected Papers of John Jay [for more information go to: <http://www.columbia.edu/cu/lweb/indiv/rbml/units/jayprint/index.html>], we are trying to research a miniature portrait of Catharine Livingston by Pierre Eugene du Simitiere (c.1780/81). We have what may be the portrait, but it is unattributed and unsigned (it is in the collection of her descendants and they have no information). Does anyone have any suggestions on how to find more information. If someone would like to see the image we have, I could send it privately.

Thank you for all your help.

Best regards,
Jenn Steenshorne
