

University Art Museums and Their Collections (online, 28 Jan–13 May 22)

online / West Coast Chapter of the Society for the History of Collecting, Jan 28–May 13, 2022

Registration deadline: Jan 27, 2022

Adriana Turpin

University Art Museums and Their Collections

A series of monthly lectures, organised by the West Coast Chapter of the Society for the History of Collecting, that explores the roles of university museums in the United States. Curators from a wide range of different university museums discuss the foundations of their collections and the purposes for which they were established. The talks provide fascinating insights into the contemporary concerns of curators and their strategies for making their collections relevant to specific needs of university teaching and students today.

PROGRAMME

January 28 (Friday) 10 AM (PST), 6 PM (GMT):
