

## International Scholarship Programme at the SMB (Berlin)

Berlin, Germany

Application deadline: Sep 30, 2012

Evelyn Wöldicke

### International Scholarship Programme at the SMB (Berlin)

The scholarship programme, which was launched in 2009, enables scholars from all over the world to undertake one- to three-month research residencies at the institutions of the Staatliche Museen zu Berlin Preußischer Kulturbesitz (National Museums in Berlin Prussian Cultural Heritage).

Funding is available for various research projects related to the multifaceted institutions of the Staatliche Museen zu Berlin. The programme aims to strengthen the international network of the Staatliche Museen zu Berlin and therefore primarily addresses foreign researchers. In addition, the promotion of young researchers is of particular concern to the Staatliche Museen zu Berlin. The grants are intended to enable scientists to work on their own research project at the Staatliche Museen zu Berlin, make professional contacts and participate in the academic and cultural life of the Staatliche Museen zu Berlin.

Application deadline for scholarships in 2013 is the 30th of September, 2012
