46th meeting of the Nineteenth-Century Studies Association (NCSA): Fusions of Culture, Time and Space

[1] Engaged Pedagogy. Workshop and Roundtable.

From: Maura Coughlin

Date: May 19, 2024

Deadline: Sep 15, 2024

To support and share practices with teaching-focused scholars at all career stages, we invite proposals for workshopping and presenting pedagogical methods. What games, projects, activities, re-enactments, or debates do you engage students in to promote their active or experiential learning in your nineteenth-century courses or museum education sessions?

Please send a short CV and a proposal for a 15-20 minute activity or presentation to Maura Coughlin and Emily Gephart (m.coughlin@northeastern.edu and Emily.Gephart@tufts.edu).

Graduate students, teaching-focused faculty and museum educators are especially encouraged to apply. We hope to organize both a roundtable and a pedagogy workshop.

Deadline: 15 September 2024.

Note: the general conference deadline is 30 September. We need them earlier.
