The Menil Drawing Institute welcomes applications from American and international researchers who work in fields pertaining to modern and contemporary drawing practices. This fellowship is residential and supports individual research towards the Fellow's doctoral dissertation. Applicants must have completed a master's degree and completed their graduate coursework and passed any required pre-doctoral exams ("orals") before the term of the fellowship begins. Applicants with approved dissertation topics are preferred. The Fellow is expected to reside in Houston for the duration of the fellowship and to participate in the cultural and intellectual life of the Menil. They will typically make a presentation on their research to Menil staff and invited guests, and will also give a public talk.
