The Editorial Board of *Annali di architettura*, the peer-reviewed scholarly journal of the Centro Internazionale di Studi di Architettura Andrea Palladio (CISA Andrea Palladio, Vicenza, Italy), invites submissions of original articles for the forthcoming 38th annual volume (2026).

*Annali di architettura* is a long-established journal devoted to the history of architecture from all periods. The journal publishes articles by Italian and international scholars in the main European languages. Recognized as a category A journal by ANVUR, the Italian agency responsible for evaluating the university and research system, it has been included in ERIH PLUS since 2017.

Submissions are welcome in Italian, English, French, German or Spanish. Articles should normally be between 3,000 and 7,500 words long and may include approximately 5 to 25 illustrations, depending on length and subject. Proposals should be submitted in .doc, .docx, or .pdf format, with illustrations provided in a single PDF file.

All submissions are peer-reviewed by the Editorial Board. Authors will receive the results of the assessment by 15 July 2026. The volume is usually printed in the first half of the following year.

The deadline for proposals has been extended to 30 April 2026.
