Hogarth: His Art, Life and Times. A Tribute to Ronald Paulson

Organized by the Lewis Walpole Library in collaboration with the Yale Center for British Art, Yale Library, and the Beinecke Rare Book and Manuscript Library, this symposium celebrates the generous gift by Professor Paulson (1930-2024) of his papers together with a legacy endowment to establish a fellowship at the Lewis Walpole Library in memory of his son, Andrew Meredith Paulson.

Speakers will present creative new research in Hogarth studies across multi-disciplinary perspectives. Panel themes will include “Paulson’s Hogarth,” “Drawing,” “Nation and Empire,” and “Social and Political Critique.” Additional programming will include screenings of selected films about William Hogarth, plus Study Room visits and Gallery Tours by advance sign-up.
