Inspirations - Interactions: Pictorialism Reconsidered /

Inspirationen - Interaktionen: Kunstdokumentation um 1900 neu betrachtet

Pictorialism may be considered one of the most multifaceted chapters in the history of photography. Internationally networked and in dialogue with painting, ambitious amateurs emerged on the scene in the 1880s with the goal of gaining recognition for photography as art.

The symposium will examine anew the Pictorialist movement from today's perspective with the Kunstabibliothek's Juhl Collection as its starting point. Renowned historians of photography and museum curators have been invited to discuss Pictorialism as the first internationally networked art photography movement. (The conference will be held in English.)

Der Piktoralismus zählt zu den vielgestaltigsten Kapiteln der Fotografiegeschichte. International vernetzt und im Dialog mit der Malerei, traten seit den achtziger Jahren des 19. Jahrhunderts ambitionierte Amateure auf den Plan, um der Fotografie Anerkennung als Kunst zu verschaffen.

Mit dem Symposium nimmt die Kunstabibliothek - ausgehend von der Sammlung Ernst Juhl - die piktoralistische Bewegung aus aktueller Perspektive erneut in den Blick. Renommierte Fotografiehistoriker und Museumskuratoren stellen in ihren Beiträgen den Piktoralismus aus aktueller Perspektive zur Diskussion. (Die Tagungssprache ist englisch.)
