Terra Foundation Fellowships at the Smithsonian American Art Museum

The Terra Foundation Fellowships in American Art at the Smithsonian American Art Museum seek to foster a cross-cultural dialogue about the history of art of the United States up to 1980. They support work by scholars from abroad who are researching American art or by U.S. scholars who are investigating international contexts for American art.

Fellowships are residential and support full-time independent and dissertation research. The stipend for a one-year fellowship is \$32,500 for predoctoral fellows or \$47,500 for senior and post-doctoral fellows, plus research and travel allowances. The standard term of residency for fellowships is twelve months, but shorter terms will be considered; stipends are prorated for periods of less than twelve months. The Smithsonian Institution's Office of International Relations will assist with arranging J-1 exchange visas for fellowship recipients who require them.

December 1, 2014, is the application deadline for fellowships that begin on or after June 1, 2015. For applications and general information visit AmericanArt.si.edu/fellowships or email AmericanArtFellowships@si.edu.
